Culinary Academy of Long Island
125 Michael Drive
Syosset, NY 11791

Dear Mr. Levitt:

Westbury Manor has had the pleasure of working with the Culinary Academy of Long Island to assist in training interns for the Professional Cooking and Commercial Cooking Programs. Instructors and administration are dedicated to assisting these students to succeed in the culinary field.

The internship program has a proven success rate that I can support. These students have been properly prepared to succeed in the culinary profession. I have hired many of the interns from the Culinary Academy because of positive performance. All of the interns have been very motivated and achieved success due to the proper training from the Culinary Academy.

I fully support the Culinary Academy of Long Island to anyone who would like to succeed in the culinary profession.

If you have any questions, I can be reached at (516) 333-7117.

Sincerely,

A handwritten signature in black ink, appearing to read 'Francesco Cavarra', with a long horizontal flourish extending to the right.
